

HOW TO USE THE RECORDING FUNCTION ON YOUR SET TOP BOX:

You will need a USB Memory Stick to plug in to the back of the STB.

To RECORD a program:

- Press the 'EPG' button on the STB Remote Control.
- Select the Program you wish to record on the EPG using the navigation buttons on your Remote Control.
- Press the 'BLUE' button on your Remote Control.
- From the menu displayed on Screen, navigate to 'REPEAT' and press the 'OK' button on your Remote Control. This will allow you to select how often you want to record the Program - 'ONCE/DAILY/WEEKLY'. Make your selection and press the 'OK' button on your Remote Control.
- Navigate to 'MODE', press the 'OK' button on your Remote Control, navigate to 'RECORD' then press the 'OK' button on your Remote Control.
- Navigate to 'SAVE' and press the 'OK' button on your Remote Control.
- Press the 'EXIT' button on your Remote Control to exit the EPG.

To VIEW a recorded program:

- Press the 'MENU' button on your Remote Control.
- Navigate to 'MEDIA CENTER' using the navigation buttons on your Remote Control.
- Navigate to 'RECORD MANAGER', press the 'OK' button on your Remote Control and this will show you a list of your recordings.
- Navigate to the recording you wish to view and press 'OK'.

To check what Programs you have scheduled for recording:

- Press the 'MENU' button on your Remote Control.
- Navigate to 'CHANNEL LIST' using the navigation buttons on your Remote Control.
- Navigate to 'TIMER SETTING', press the 'OK' button on your Remote Control and this will show you a list of the Programs you have scheduled for recording.
- Press the 'EXIT' button on your Remote Control to exit from the 'MENU'.
