About Us

For over 114 years Sure South Atlantic (formally Cable and Wireless) has been providing connectivity to countries throughout the world via their national and international telecoms networks.

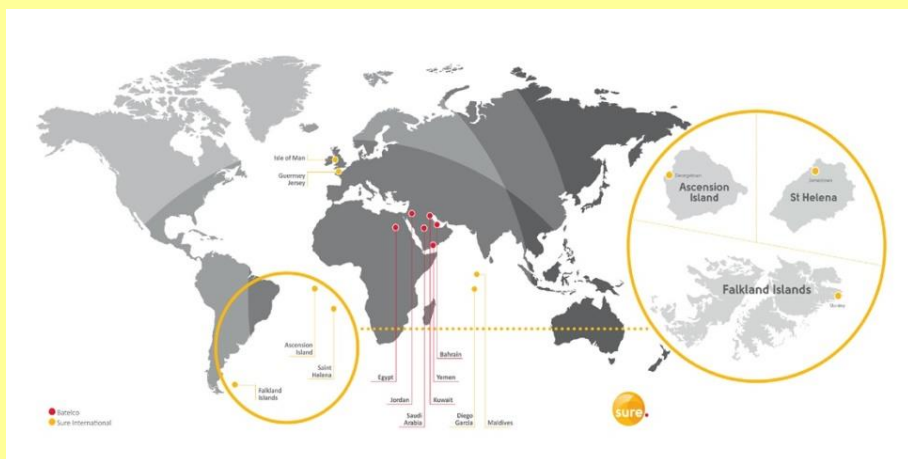

Today, Sure South Atlantic Limited is licensed by the St Helena Government to provide international public telecommunications services to the Island of St Helena. Our services include National & International Telephone, Public Internet and Television Re-Broadcast.

Sure continues to invest in the network infrastructure on St Helena and our international satellite links, enabling us to offer robust, high quality communication services for both residential and business customers.

In April 2013 the company was acquired by the Batelco Group, a leading telecommunications provider to 16 markets spanning the Middle East & Northern Africa, Europe and the South Atlantic and Indian Ocean. This marks the start of an exciting new phase for our business, as we join an international organization which is committed to delivering value and unsurpassed customer service.

To underpin the important changes to our business, with effect from 15th July 2013 we changed our name from Cable & Wireless South Atlantic Ltd to Sure South Atlantic Limited. Sure International is the corporate division of the business, enabling companies that operate in the islands to reliably and efficiently connect and transact with their global partners.

Serving the communities where Sure operates is at the heart of the Company's approach. Sure is committed to behaving in an ethical and socially responsible manner.

Your Needs - Our Promise

Customer Services is the responsibility of all at Sure SA Ltd and our goal is to work with you to find real solutions to any problems you may have. We promise to supply a range of services in a flexible manner that provides solutions to your communication needs.

Our Services

Television Service:

Sure provides a Television Rebroadcast service and offer two packages – Standard and Premium.

Customers who subscribe to the Standard Package can view 17 channels, which include documentaries, news, movies, sports and children's entertainment.

The Premium Package consists of 30 channels, which covers additional documentaries, news, movies, sports and children's entertainment.

Both packages also include a free promotional channel providing free to air and local programmes.

Mobile Service:

Sure offers a mobile service for all your voice, text and data needs. The mobile network is designed with a 2G GSM layer and 4G LTE layer to support data services. This service enables you to make international and local calls as well as sending local and international SMS at your convenience.

Mobile Packages Available:

Pay As you Go (PAYG)

PAYG SIM cards can be purchased from the Customer Care Centre at Bishops Rooms and various vendors. Top Up cards are used for credit and these are also sold from various vendors as £10 and £20 denominations.

Pay Monthly

We offer four different packages to suit your needs. Each package includes an allowance for national calls, SMS and data, which you are billed monthly.

Our Services

To Transfer Balance from one phone to another

- Call *179*<destination mobile number e.g. 29061005>*<amount>*<voicemail PIN or 1234>#
- Valid transfer amounts £2, £5,£10 and £20 only.
- (Maximum of five per day)

To check your Balance

- Call 178
- Text *178#
- Web - sure.co.sh/Payg enter mobile number & PIN and select **Summary**

To set up Data Bundles

- Call 178 then press 3 and follow the instructions
- Or call *173*1# for 100MB
- Or call *173*2# for 250MB

Our Services

Telephone Service:

Sure offers telephone service for outgoing and incoming, international and local calls. This service can also include additional features, to list a few: International or Outgoing Barring, Message Service, Pin Lock, Pull Diversion, Call Waiting, Pick-up call, Mobile IDD and Information Service.

Broadband Service:

Sure provides an ADSL broadband service together with various IP based services available to subscribers e.g. e-mail facilities and other services and application that they may introduce from time to time.

There are 6 packages available with a monthly MB allowance for a monthly rental. Sure also provides a free window from midnight to 6am.

We also offer a range of business data options. Please contact us for more information.

For any additional information, including current pricing or an application form to subscribe, please visit us at Bishops Rooms, contact 22900, e-mail: service@sure.co.sh or visit the sure website on www.sure.co.sh.

Broadband Tips

How to check your Broadband Usage:

You can use the “Web Self Care” facility available via our website www.sure.co.sh to check your Broadband account balance at any time. You can also see exactly how much data is uploaded or downloaded from 6am to Midnight and during the free usage Zone from Midnight to 6am. On the left hand side of the portal page, once you have logged in, you can access the Session Log and then key in the required dates you wish to analyze.

Useful Tip: It is good practice to switch your modem off and on again before checking. Also to refresh your web-browser page. This will then give you actual data used up to the point your last session ends.

Is your wireless modem secure?

Is your password secure?

Excessive unexplained data usage can be attributed to an unauthorised user/s knowing your secure wireless key and passwords and hacking into your account.

Useful tip: Ensure that your password is in the format recommended by sure i.e. random use of alpha/numeric characters. Avoid using words, names, birth dates etc. With the rise of social media many of these key facts about you can easily be obtained.

Excessive Data Usage Culprits:

The wide range of devices and programmes used by customers mean that the possibilities for excessive data (MB) consumption are extensive. Data consumption can be attributed but not limited to some of the factors below i.e.

- Operating System updates i.e. Windows, iOS, Android etc. If not scheduled overnight, or disabled, or if manually triggered.
- Large Email attachments
- Email Links - someone may have sent you a link to a YouTube video, music or shared a link to their uploaded photo album, For example. The link is small, but the content can be large.
- Anti-virus updates
- 3rd party software updates - these updates are not controlled by the operating system.
- Store Updates - e.g. iTunes, Android Play Store, Microsoft Store (For Windows)
- YouTube - streaming video sites consume high MBs
- Downloads - music/video media and software downloads consume high MBs.
- Cloud services - OneDrive/SkyDrive, Google Cloud, and Apple iCloud.
- Skype/Face Time etc. - particularly if using the video facility.
- Virus/Malware/Trojans - this is a possibility, if your computer is not protected with up-to-date Antivirus software.
- Facebook (Dynamic content)
- Kindle Updates

PREPARING FOR
EMERGENCIES ON ST HELENA

Are YOU
prepared?

This section tells you more about the main risks on St Helena, the arrangements currently in place, and how you can help yourself and your family before, during and after a major emergency.

St Helena Government and other agencies have formed the St Helena Resilience Forum. The forum is working hard to make sure that the Island is as prepared as it can be in the event of a major emergency and that you are ready too. By being informed and prepared, you can significantly reduce the risk to life and property.

The Resilience Forum is responsible for producing the Island Risk Register and assessing each risk. We then prepare both general plans as well as very specific plans to deal with all these eventualities. Whilst we cannot prevent major emergencies happening, we can all plan ahead to minimise the impact.

Want to Know More?

Contact the Emergency Planning Department:

Emergency Planning Manager:

simonwade@helanta.co.sh

Deputy Emergency Planning Manager:

marco.yon@helanta.co.sh

Telephone number: 25052

Alternatively visit the Emergency Planning section of the SHG Website:

<http://www.sainthelena.gov.sh/emergency-planning/>

Types of Emergencies

True catastrophes are rare on St Helena, but the Island has already experienced a number of major emergencies that have had a significant impact on those involved and on the community as a whole.

Examples of risks on St Helena include:

Medical emergencies that need transferring off-Island

Influenza type disease (pandemic)

Rock falls

Road Traffic Collisions

Drought

What Can You Do?

Families and households can and do cope with emergencies by preparing in advance and working together as a team. Once you know the type of emergencies that may occur on St Helena we would recommend that you start preparing by putting the following arrangements in place:

Stay in touch: Agree how you and your family members will stay in touch in the event of an emergency. Remember, your family members may not be at home when the emergency happens.

Hot tip—*Programme your mobile phones with relevant contact details*

Meeting Point: Agree where you will meet up should you be separated from each other (for example children could be at school or parents at work) and unable to return home.

Evacuation: Should you need to evacuate your home or district we recommend that you make alternative arrangements to stay with a relative or friend in advance.

Learn about your home:

Where do you turn off the gas, electricity or water in your home?

At Home - Prepare an Emergency Pack

And Keep it Handy

- A windup or battery radio, with spare batteries
- A windup torch with spare batteries, candles and matches
- First Aid Kit and manual
- Medication, repeat prescriptions, tissues, toiletries and sanitary Supplies

- Special food or equipment for infants, the elderly, and people with Disabilities
- Spare warm clothing
- Sleeping bags or blankets
- Don't forget the safety of your family pets, prepare an emergency Pack for them too.

- Books, playing cards or games
- Extra car and house keys
- Copies of important family documents (birth certificates, Passport). Store licence & insurance policies in a fire proof container

In the Event of an Evacuation

In some very unlikely situations, you may be asked to evacuate your home by the emergency services. If this happens, leave quickly and calmly and if possible follow these guidelines:

- Follow the instructions issued by the emergency services
- You may be asked to go to a temporary reception centre
- Take your emergency pack with you
- Call a relative or friend to let them know where you are going
- Collect family members or go to your agreed meeting place
- Turn off the electricity, gas and water, unplug appliances, lock doors and windows
- If you leave by car, take bottled water and blankets and tune into local radio stations for warning and safety advice
- Consider your pets

At Work or School

Employers have a responsibility for the safety and security of their staff. All businesses should have arrangements in place to deal with the impact of a major incident or disaster. Make sure you understand what you need to do in an emergency at work.

All schools have plans to cope with emergencies such as fire and flood, teachers and support staff do all they can to look after pupils in their charge.

Go In, Stay In, Tune In

In a major emergency, if you are not involved in the incident, but are close by or believe you may be in danger, the best advice is to go inside a safe building, stay inside until you are advised to do otherwise, and tune in to local radio or local TV channels for information.

If you find yourself in the middle of an emergency, your common sense and instincts will usually tell you what to do. However, it is important to:

- **Check for injuries - remember to help yourself before attempting to help others**
- **Make sure 999 has been called if people are injured or if there is threat to life**
- **Keep safe**
- **Follow the advice of the emergency services**
- **Remain calm and reassure others**

Important Contact Numbers

This page contains a list of important contact numbers you may need if an emergency occurs. We have left space for you to complete the correct emergency phone numbers for your household.

Keep this list of contact numbers in a safe and accessible location.

Emergency phone numbers:

Emergency: 999 Medical Emergencies: 911

Connect Saint Helena Limited (water and electricity) Emergencies: 22255

SHG's Press Office: 22368

South Atlantic Media Services: 22727 ST FM: 22488/22660

When making an emergency phone call please:

- State the address or location where help is needed
- State who is calling and the phone number you're calling from
- State what has happened
- DON'T HANG UP, stay on the line, unless you are told otherwise

Emergency phone numbers for your household:
